proxia automotive solutions ag, Alter Postplatz 2, 6370 Stans, Schweiz

proxia VSS Release 2.0 reached Premium Certification for SAP endorsed Apps

Stans, 5 April 2021 – proxia automotive solutions ag announces that Release 2.0 of its innovative solution for digital sales and digital service has also been successfully certified as part of the “Co-innovated with SAP” program.

proxia Vehicle Sales and Service 2.0 is now **SAP Premium-Certified** (by SAP invitation only) making it will the first VSS release being **GENERALLY AVAILABLE** !

„We have reached another important milestone in our product development. What a great achievement by everyone involved and by the entire team! We at proxia are extremely proud of the message about the premium certification of proxia VSS and the associated progress of the "Co-Innovated with SAP" project. "

(Dr. Peter Lindtner, CEO proxia)

proxia VSS on [SAP Certified Solutions Directory](#)

proxia VSS on [SAP® App Center](#)

proxia VSS Suite – a fully integrated and complete solution for vehicle sales and service.

The VSS Suite is providing end-to-end support for every process currently in use, and VSS moves forward the digitalization strategies and has an open architecture to support ongoing innovation and disruptive business models.

Premium Certification for SAP Endorsed Apps (Invite-only)

This additional level of certification is available by invite only and consists of three main requirements: integration certification tests, cloud quality check and static security code scan.

The certification includes technical quality checks that are performed to analyze code, provide recommendations to optimize the solution and how it integrates with SAP solutions.
